

VISION·2

Vision2 is a privately held comprehensive giving solution for churches that engages givers with tailored giving experiences and acknowledgments; elevates ministry with unparalleled efficiency for your support staff; and enables leadership with analytics and reporting tools.

giving

Planning Center began as an order of service solution and is now a full ChMS and giving platform branded as "Giving." Planning Center's ChMS works well with other giving platforms including Vision2, which has built a solid integration.

Choosing a Church Giving Platform

Our mission is making giving management simpler and more effective for churches ... and that starts with the selection process.

This short summary contrasts only the key differentiators in our approaches.

How does it **engage** your givers?

How does it **enable** your leaders?

How does it **elevate** your ministry?

How We Compare

VISION·2

giving

	VISION·2	giving
Simple giving account set-up	True Completed in 5 quick steps	False Involves up to 35 screens
Engaging giving experience that conveys impact	True Media-rich giving funds with meaningful descriptions	False A text-only, drop-down list with no giver engagement
Givers stay on church's website, giving platform is invisible	True	False Givers sent to PCO webpage with legal agreements or to a pop-up screen not fully compatible with mobile.
Givers receive personalized acknowledgments	True	False Transactional email sent from no-reply@churchcenter. ACH gifts generate a data-sharing email.
Streamlined ACH process	True Completed in 4 easy steps	False Givers navigate multiple steps with PCO and bank with up to 3 days for account verification.

ENGAGING GIVERS	Simple text-to-give	True Dedicated church phone number, no set-up or church selection required	False
	Automated online, offline gift processing and reconciliation	True	False Reconciliation, including chargebacks, done in Stripe which doesn't update Giving.
	Full subledger account	True A detailed subledger with GL output tailored to your accounting system.	False Donation changes require manual report and GL updates.
EMPOWERING THE BACK OFFICE	Supports large gifts and giving volume	True	False Has gift size limits and volume throttles
	Supports organizations	True	False No organization capabilities. Impedes accounting for gifts from IRAs, Donor Advised Funds, and companies on behalf of donors.
	Acts as own processor	True Doesn't introduce third-parties or the resulting complications and data risks.	False Outsources processing, which introduces security breach risks.
	Simplifies statement delivery and tracking	True Supports email and/or SMS statement delivery and download	False
	Enables gift processing on donor's behalf	True	False ACH gifts can't be processed on behalf of givers. Credit card requires collecting CCV, which is a compliance risk.
	Data for analytics and reports support and grow stewardship	True Detailed household and giver-level reports to minister to first-time, top, and lapsed givers; track progress to goals; and more.	False Only identifies first-time givers, not households. No automated gift campaigns to engage new givers.
ENABLING LEADERSHIP	Pledge/campaign goal visibility	True Member-level visibility to project recurring giving (including donor advised funds & IRAs) impact to goals	False Only tracks the amount given by the household
	No annual or monthly fees	True	False Volumed-based fees ranging from \$15-\$280/mos
